☒ Slide will be displayed in fullscreen

# Adding menus to a display

## Step 10

To setup a recurring pattern, select **setup recurrence**. Recurring patterns provide the ability to schedule the menu slides to only appear on certain days of the week or month.

### Content Schedule

Setup Recurrence

Utilize the drop down menu to select the recurring option of always scheduled, days, weeks, or months.

### Recurring

always scheduled

always scheduled

days

weeks

months

If days is selected, select the recurring every... box and enter the number of days the slideshow should recur such as every single day, every five days, etc. Example: Recurring every day.

# Adding menus to a display

## Step 10 (cont)

Next enter the **start date** and **last date** for the recurring pattern. The last date of a recurring pattern will auto populate two years from the start date unless adjusted.

Start Date *(required)*

03/12/2024

Last Date

03/12/2026

Once the recurring pattern is set up, select **apply changes** on the bottom right-hand side of the screen.

Apply Changes

## Step 11

To schedule a specific time for the slideshow to play, enter the **start time** and **end time** in the respective fields. This is optional. If no time is entered, it will default to play all day.

Time Schedule

Start Time

EndTime

*Start time and end time are optional.  
Default schedule plays all day.*

# Adding menus to a display

## Step 12

Select insert content on the bottom right-hand corner of the form.

Insert Content

The menu agenda will now appear on the main content list.

**Main Content**

**LifeLoop Designer Project**  
Standard Size  
My First Slideshow  
0 Minutes, 41 Seconds

Include ☒ ...

**Menu Agenda**  
Standard Size  
Slideshow with Items  
8 seconds per meal slide

Include ☒ ...

+

 Insert New Content

## Step 13

To make any changes to these display options, select the menu agenda in the main content section.

**Main Content**

**LifeLoop Designer Project**

 Insert New Content

## Step 14

Once edits are complete, select update content.

Update Content

## Resources

### Video QR codes

#### How to scan QR codes

Open the camera app on a mobile device. Hold the device so the entire QR code is visible in the camera frame (you don't need to take a picture). Once the QR code has been read, a notification will appear at the top of your screen.

#### How to create a LifeLoop display

Start at the 8 minute mark.
