Step 1

To share photos with your loved one(s), select **add photo** on the top right-hand corner of the screen. Then, select which photos you would like to upload from your device. These images will be added to your loved one's personal gallery, and are viewable by the resident if they log in to LifeLoop themselves, as well as select staff at the community.

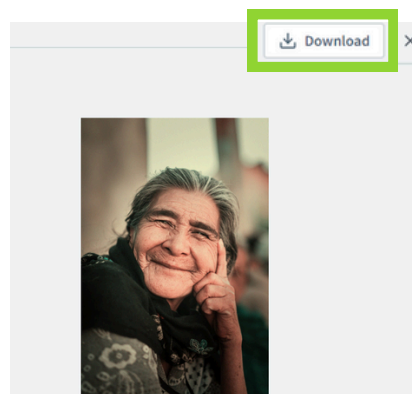

Step 2

To view photos provided by your loved one or their community, hover the mouse over the image and select **view full image**.

Step 3

To save photos, select the image and select **download** on the top right-hand corner.

Video QR codes

How to scan QR codes

Open the Camera app on a mobile device. Hold the device so the entire QR code is visible in the camera frame (you don't need to take a picture). Once the QR code has been read, a notification will appear at the top of your screen.
