

Connection

Engage, involve, communicate

Create and capture meaningful moments with solutions designed to promote connections and engagement amongst residents, family, and staff.

iN2L content

Elevate residents' lives with iN2L's industry-leading content, offering on-demand engagement anytime, anywhere. Tailor activities to individual interests and promote holistic wellness across all levels of care for fulfilling experiences.

Photo sharing

Create stronger connections and prevent social isolation by securely exchanging pictures with family, friends, and community members. Enjoy sharing images and creating conversations that spark meaningful interactions and bridge connections for seniors.

Resident app

Empower resident independence and encourage authentic connections. Residents can take charge of their day-to-day experiences, accessing activity registration, requests, and communication with ease. The senior-friendly app sends automated reminders for meals and events, encouraging community inclusion and event attendance.

Connection app

Promote positive family engagement with easy messaging, personalized postcards, and transportation and work requests. Families gain peace of mind with 24/7 access to resident and community feeds, receiving customizable weekly emails summarizing activities and milestones.

Find out why LifeLoop is the trusted technology partner to over 4,700 senior living communities.
