Create a Project from Templates

Step 1

Select **Designer** from the feature menu on the left-hand side of the screen.

Note: If you do not see the designer you may not have the current permissions to view designer. Please contact your community representative.

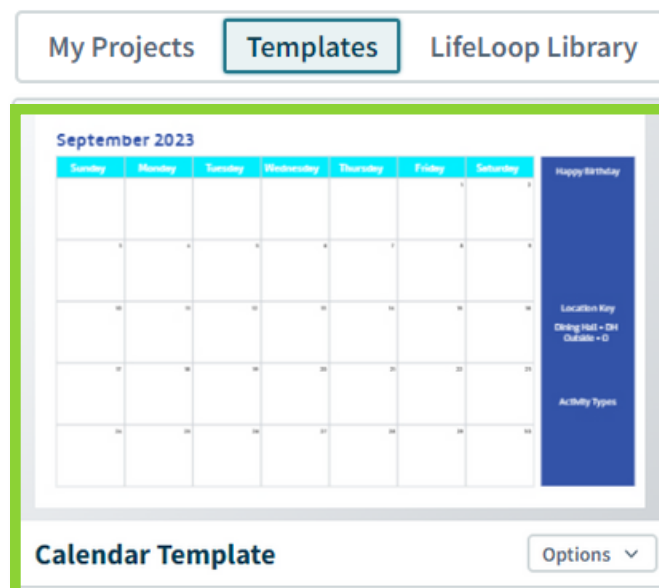

Step 2

Select **Templates** on the upper left-hand corner.

Step 3

Select a template.

Create a Project from Templates

Step 4

The Create Project from Template form will appear. Enter a project name and choose a community. Select Create Project.

Cancel  **Create Project**

Step 5

To edit the month text at the top of a calendar, select the month and year.

Month Year

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			1	2	3	4 Happy Birthday! Andrew "Andy" G. - 6th Robert "Bob" A. - 6th
5	6	7	8	9	10	11
12	13	14	15	16	17	18 Announcements
19	20	21	22	23	24	25
26	27	28				

Create a Project from Templates

Step 6

The editing tool on the right-hand side of the screen will appear. Select the text box to type the correct month and year.

The screenshot displays a calendar template editor. On the left is a calendar grid with days of the week (Sunday to Saturday) and dates (1 to 28). A green box highlights the header area labeled "Month Year". To the right of the calendar is an "ELEMENT" sidebar. A green box highlights a text box labeled "Month Year" within the sidebar. A green arrow points from the "Month Year" text box in the sidebar to the "Month Year" header in the calendar grid. Below the calendar grid is a "Happy Birthday!" section with a list of names and ages, and an "Announcements" section.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			1	2	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28				

Happy Birthday!
Andrew "Andy" G. - 6th
Robert "Bob" A. - 6th

Create a Project from Templates

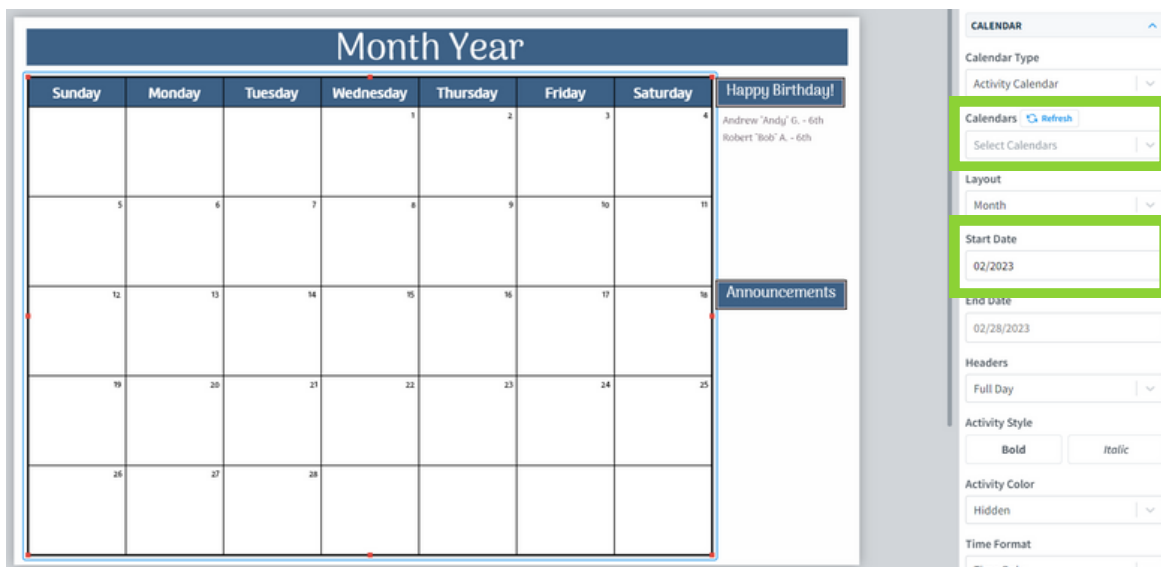

Step 7

To make edits to a calendar, select the blank calendar on the project. The editing tool will appear on the right-hand side of the screen.

Step 8

In the editing tool, select **Calendars** and the **Start Date** of the calendar. Use the editing tool to make additional changes, such as font size or style. This will edit all the calendar activities at the same time.

Create a Project from Templates

Step 9

Select an individual day to make individual activity edits or edits to an entire day's activities.

Create a Project from Templates

Step 10

If the template has Birthday or Anniversary components, select the **text box** to populate the editing tool on the far right-hand side of the screen. Select the **Start Date** in the editing tool to pull Birthdays and Anniversaries for that month.

The image shows a side-by-side comparison of two templates and their configuration options in an editing tool.

Left Column (Templates):

- Happy Birthday!** (Dark blue header box)
- Click here to select your birthday start-month in the editor to your right.** (Text box with a green border)
- Anniversaries** (Dark blue header box)
- Click here to select the start date from the editing tool to your right to populate anniversaries.** (Text box with a green border)

Right Column (Editing Tool):

- ELEMENT** (Dropdown menu with an upward arrow)
- Start Date** (Section header)
- 02/2023** (Text input field with a green border)
- Number of Columns** (Section header)
- 1** (Text input field)
- Text** (Section header) with an **Expand** button (blue arrow icon)
- Click here to select your birthday start-month in the editor to your right.** (Text box)

Printing a Project

Step 1

Select **Print/Export** on the top right-hand corner of the screen. Choose either Standard or High Definition. Next, select Print, Download as an image, or Download as a PDF.

Import Page(s)

Print/Export

Order Prints

Standard (recommended)

High Definition

!

Standard Definition provides quicker exports and is the recommended option for most cases.

 Print [SD]

 Print Booklet [SD]

 Download Images [SD]

 Download PDF [SD]

 Distribute [SD]

Note: For newsletter projects, additional options are available to print as a booklet or distribute to Newsletters in the Communication feature.

Resources

Video QR Codes

How to Scan QR Codes

Open the Camera app on a mobile device. Hold the device so the entire QR code is visible in the camera frame (you don't need to take a picture). Once the QR code has been read, a notification will appear at the top of your screen.
