LifeLoop

Engage residents, delight staff, and connect family members with LifeLoop

LifeLoop's comprehensive software platform delivers quality experiences for seniors from move-in day to every day—all while ensuring efficiency and organization for staff in all they do.

All the innovation you need in one place

iN2L content

Engage residents and empower caregivers with wellness-focused digital content.

Communication

Ensure fast, easy, and secure communications to keep your community connected.

Insights

Optimize community performance with data and insights all in one place.

Menus

Schedule and share menu options, allowing residents to know in advance what awaits them at each meal.

Designer

Build a stronger community by branding the content that residents use every day.

Digital signage

Motivate and inspire your community with customized and engaging signs and displays.

Calendar management

Save time and simplify scheduling with a faster, more effective way to build calendars.

Connection portal

Offer families a window into their loved one's world, no matter where they are.

Photo sharing

Capture and share the moments that make life wonderful, connecting friends and family.

Resident personalization

Get a clearer picture of each resident's needs and improve your person-centered care.

Transportation

Give residents reliable and worry-free rides while keeping drivers on track.

Resident portal

Help residents stay connected to their family and friends and engaged with the community.

Work requests

Get a clear picture of tasks to be done and make it easy to submit and manage requests.

Find out why LifeLoop is the trusted technology partner to over 4,700 senior living communities.
