CALENDAR BUILDER & MANAGEMENT

AMY CULLEN CALA, CDP
CORPORATE LIFE ENGAGEMENT, KAPLAN:

I love all that LifeLoop has to offer! Two features have quickly become my favorites: the calendar designer and attendance tracking. As any Activities Director knows, planning and creating your calendars can take hours or even days. LifeLoop has simplified and expedited this process. Everyone I have encountered at LifeLoop has been so professional, helpful and patient. I am very happy I decided to give LifeLoop a try and would recommend LifeLoop to any activities professional without hesitation.

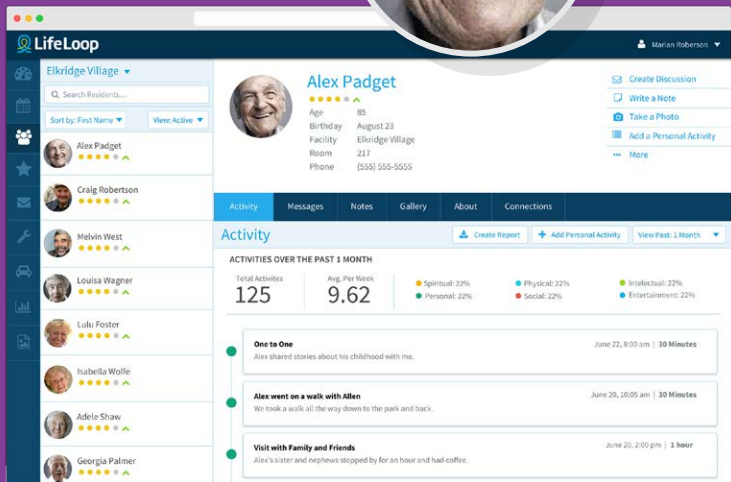

RESIDENT TRACKING & REPORTING

COURTNEY SCHMITZ, LIFE ENRICHMENT COORDINATOR
SUMNER PLACE SKILLED NURSING & REHABILITATION:

By utilizing LifeLoop in my community I have been able to save time, and as a result, added more one-to-ones with our residents, resulting in improved engagement and quality of life. I recommend LifeLoop to all Long Term Care Communities!

FAMILY PORTAL

FAMILY MEMBER OF A RESIDENT:

LifeLoop has given my family a tool to open up communication between all of our family members. Having a window in to my mother's life makes me feel better about her well-being. I know she is in good hands but seeing it every day is even better.

ACTIVITY DIRECTOR AT A SENIOR LIVING COMMUNITY:

All of our staff are appreciating the time and energy we are saving by using LifeLoop. Our charting time is a third of what it was before. LifeLoop is very people friendly and our resident's families are enjoying the weekly updates and photos that we share. It's a win-win deal!

MESSAGING & RESIDENT PORTAL

LUCIE FLOOD, LIFESTYLE DIRECTOR:

LifeLoop has enhanced and simplified staff communication for our community through its messaging feature. We are now able to easily message each other, family and residents in one platform. I am always at ease that I never miss a message because of the notification I receive in LifeLoop as well as to my email. Our residents have also enjoyed using the messaging feature to contact staff and appreciate being able to view the calendar activities in their resident portal.

Grandma's Big Day

Good afternoon! This Wednesday is an important event. Grandma is turning 73. We have full day planned. See you there!

● David Timmons

Thanks for the update. We'll be there!

PHOTO MANAGEMENT & SHARING

FAMILY MEMBER TO ACTIVITY DIRECTOR:

Thank you for posting photos of so many of the activities. My mother seems to really enjoy herself. I live so far away, that these photos really mean a lot to me.

DISPLAYS

**NEW
FEATURE!**

Displays allow communities the added benefit of being able to stream and display the day's agenda directly from the calendar in LifeLoop to TVs in the community. With easy-to-use templates communities can customize and share information with residents and families hassle free.

MAINTENANCE

HEATH YARGES, MAINTENANCE DIRECTOR
AKSARBEN VILLAGE:

I love how I receive all of my work requests in one organized place rather than a whole bunch of random papers. LifeLoop's maintenance also makes it easier to prioritize my tasks so I can get to my residents needs faster.

MARKETING DIFFERENTIATOR

BECKY LIVINGSTON, PRESIDENT/CEO
THE LODGE AT BETHANY:

It is a wonderful service to our residents and families, as well as, a true point of difference for us from other senior providers in our area. Thank you for getting us in full utilization mode on this key distinguishing element of service.

STREAMLINE OPERATIONS

DIRECTOR OF ACTIVITIES
ROSE BLUMKIN JEWISH HOME, OMAHA, NE:

LifeLoop has given our community a tool that has helped streamline our Life Enrichment program. Due to easy-to-use features: engagement tracking, calendar management, and reporting – the Life Enrichment team now has the data to help tell the story of each Resident and their needs. In addition, the program has created efficiencies allowing us to spend more one on one time with residents – which is priceless.
