FAQs

Why does my display keep going black?

Fire TV Sticks released an update that is setting a “do not disturb” notification and “still watching” mode starting at four hours that turns the screen black after four hours of no use.

Can the Fire TV Stick “still watching” mode be adjusted?

Yes! Refer to the steps on the previous pages.

Resources

Video QR codes

How to scan QR codes

Open the camera app on a mobile device. Hold the device so the entire QR code is visible in the camera frame (you don't need to take a picture). Once the QR code has been read, a notification will appear at the top of your screen.
