

A HIGHER LEVEL OF CONNECTION

KEEPING FAMILY IN THE LOOP

On top of the amenities found in most retirement communities today, our community offers a new technology called **LifeLoop** which allows our residents and family members to stay connected. With easy access from cell phones or tablets, LifeLoop connects staff, residents and their loved ones on a daily basis.

Our families and residents can be involved in social activities, photo sharing, messaging and much more. This technology also offers our families added comfort by receiving weekly updates on their loved ones activity engagement and assisting with meeting their needs from anywhere at anytime.

We are proud to offer our residents these personalized services to enhance their experience so they can enjoy living exactly as they choose.
