Section 2:	Continued learning.....	6

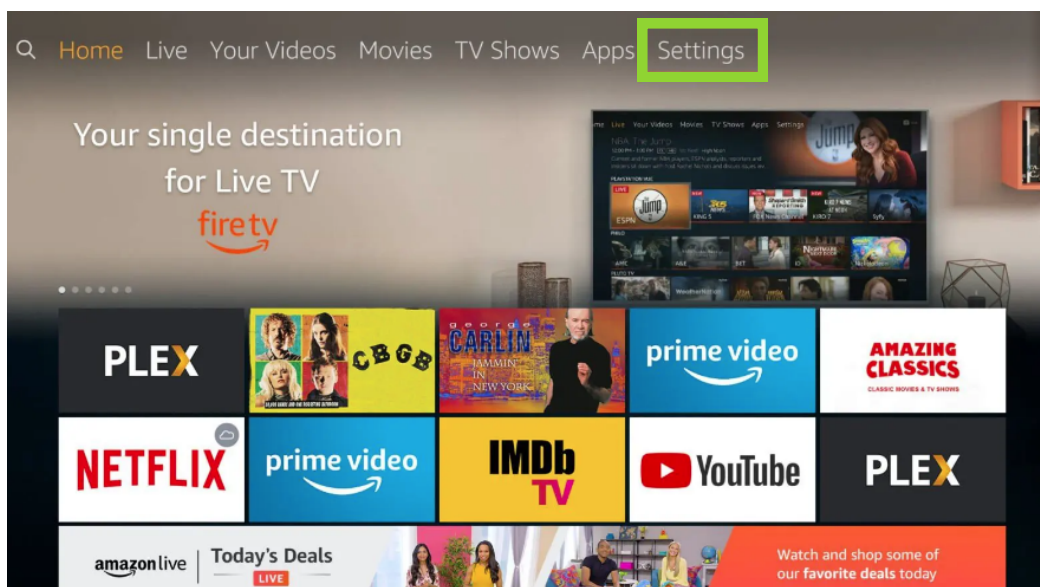

Adjusting Fire TV Stick settings

Step 1

Using the remote, navigate to settings on the tv.

If the Fire TV is an older model, the settings will be at the top of the screen.

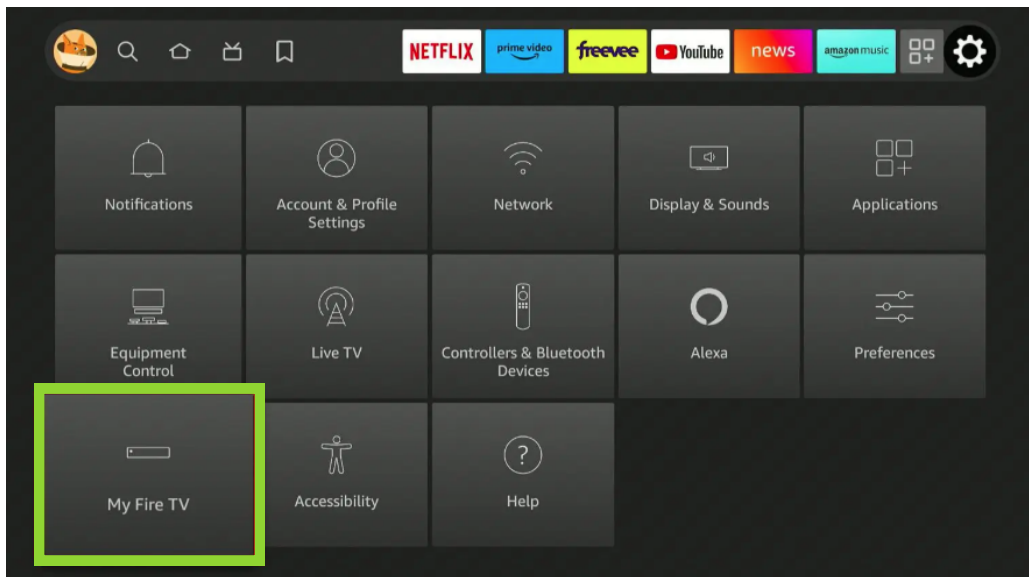

Adjusting Fire TV Stick settings

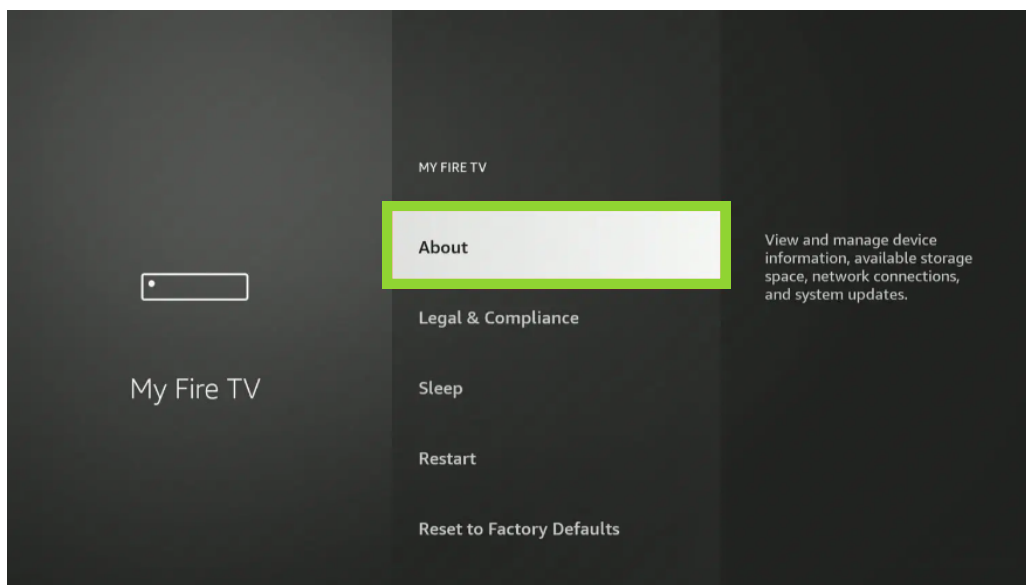

Step 2

Select My Fire TV. If the Fire TV is an older model, it may be labeled as device or system instead.

Step 3

Next, select about.

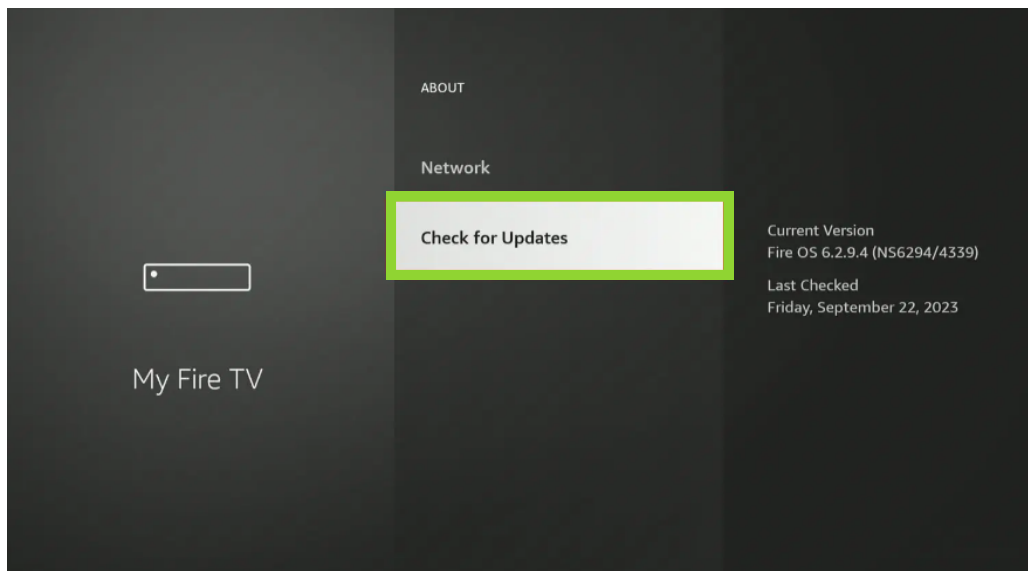

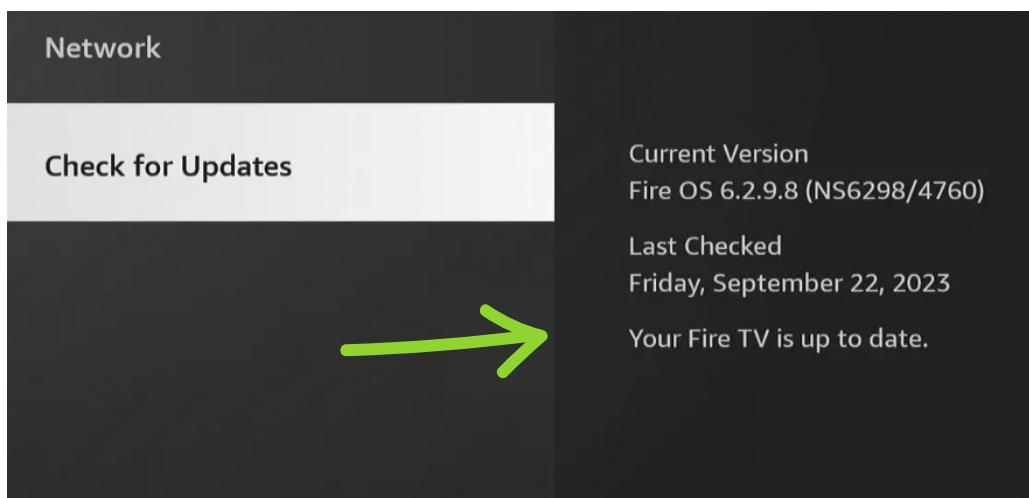

Adjusting Fire TV Stick settings

Step 4

Select check for updates. This might also be labeled install update depending on the last time the Fire TV Stick was updated.

If the Fire TV Stick is up to date, it will be noted in the right sidebar and the device will not need to be updated.

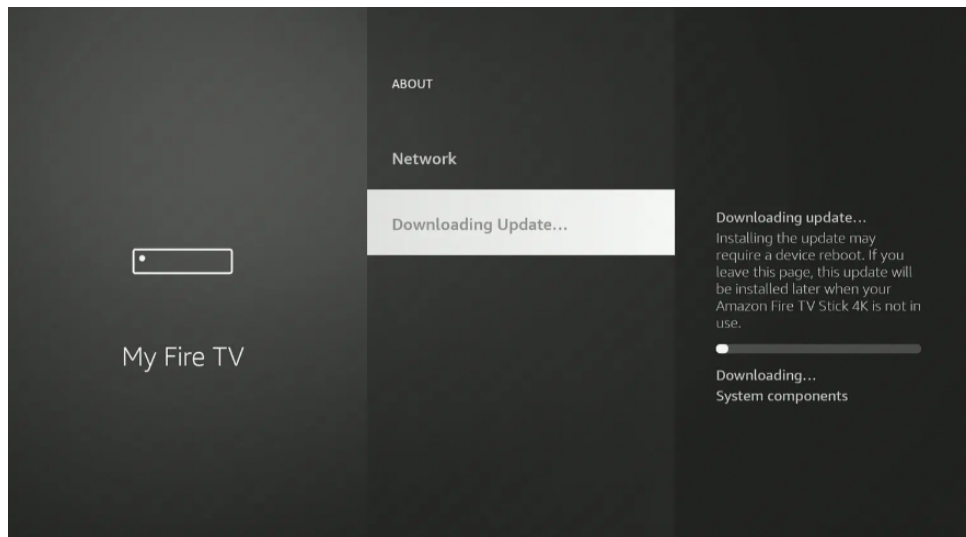

Adjusting Fire TV Stick settings

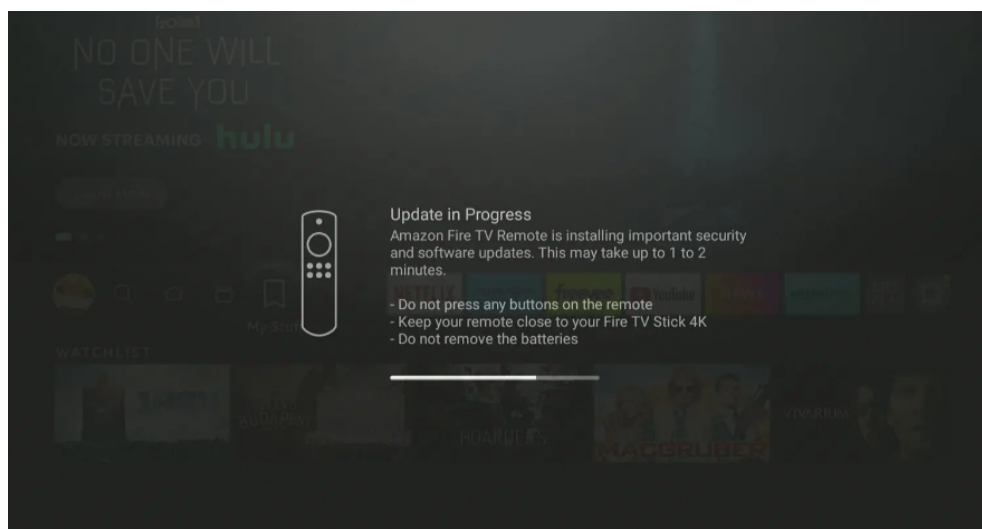

Step 5

Choose select on the remote. This will power the TV off.

Step 6

Wait for the Fire TV Stick to update. A message will display on the screen that says the Fire TV Stick is installing the update. It is important to not unplug the power cable or select any buttons on the remote during this time.

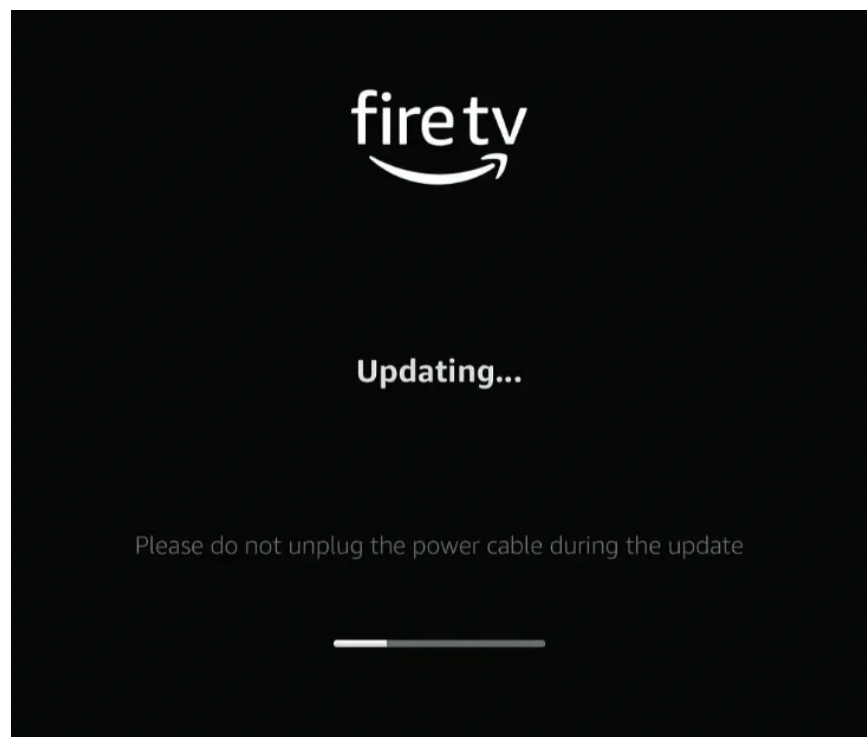

Adjusting Fire TV Stick settings

Step 7

Installing a Fire TV Stick update might take 5-15 minutes depending on internet speed and connection.
