How to Create a Slideshow in LifeLoop

DISPLAY SETUP

CREATING YOUR DISPLAY IN LIFELOOP

STEP 1

Login to LifeLoop and go to the Displays Tab on the bottom of the feature list.

Displays

STEP 2

Select '+ New Display' on the top right.

Note: if you have multiple communities, (e.g. memory care and assisted living) that have separate calendars or content, you can create separate displays to be shown in their specific areas of the building.

+ New Display

DISPLAY SETUP

CREATING YOUR DISPLAY IN LIFELOOP

STEP 3

Fill in all required information, select calendars, and colors using the options on the right-hand side.

Community: The Level of Care this display is associated with.

Display Name: What this Display File will be saved as (e.g. Assisted Living Main Lobby Display).

Header Text: Text on the top of your display (e.g. Welcome to LifeLoop).

Calendars: Select which calendar's activities you would like to be displayed on the left-hand side of your display. You can select multiple and it will show the current daily activities for the selected calendars.

Color Theme: Search for a color by name or by its Pantone or HSV.

DISPLAY SETUP

SETTING UP YOUR FIRESTICK WITH YOUR DISPLAY

STEP 1

Once your display has been created, the 'Community Code' and "Display Code" will appear at the top middle of your screen. This provides you with the information needed to connect your display to your TV. They can also be accessed on the go via the LifeLoop Mobile App/

Lobby TV #1 Display
Now Playing: Fit with Phil

Main Content

	LifeLoop Designer Project		
	Fall Slideshow		Include ☐ ⋯
	2 Minutes, 10 Seconds		

	LifeLoop Designer Project		
	November Birthday Slide		Include ☑ ⋯
	0 Minutes, 10 Seconds - Scheduled Weekly on Fri 10/19/2021 - 10/19/2023		

	Google Slides		
	Click here to view presentation		Include ☑ ⋯
	2 Minutes, 30 Seconds		

⊕ Insert New Content

STEP 2

Bring your Display Code to the TV that you will be showing your display.

STEP 3

Make sure your FireStick is plugged into the TV's HDMI port and select that HDMI from your tv's source options.

LifeLoop

DISPLAY SETUP

SETTING UP YOUR FIRESTICK WITH YOUR DISPLAY

STEP 4

Go to the Amazon Home Screen and Search 'LifeLoop' and hit enter.

STEP 5

Click and download the LifeLoop Display App.

STEP 6

Open the app and input the 'Community Name' and 'Display Code' from steps 1 & 2.

STEP 7

Your Display will now appear on your TV. This will automatically launch whenever this TV is turned on.

Note: The Firestick must stay plugged into a power source. If it is turned off it will restart and the app will need to be re-opened and you will need to hit the submit on the code input page.

BEST PRACTICES

UPDATING SLIDESHOWS

Anytime you make changes to your LifeLoop Designer Slideshow, your slideshow on your display will automatically update.

If at any time the slideshow did not automatically update, press the play/pause button on your Firestick remote to refresh the slideshow.

REFRESH YOUR DISPLAY

If you need to refresh your display quickly utilize the play/pause on the firestick remote and if you need to go back to the display code page simply select the rewind button on the remote.

SLIDESHOW TEMPLATES

If you would like templates for your Slideshows, please go to LifeLoop Library in the Designer to select from different slideshow designs.

ASK FOR HELP

If you are unsure where to start or need any assistance, ask your LifeLoop Customer Success Specialist.
